

“The Galibier, Col d'Izoard, Col de L'Iséran, these are the climbs every cyclist dreams of riding. These are the climbs that are tougher than on the TV.”

Cykelnerven takes 350 riders on the toughest Tour de France climbs just weeks before the pros. This is for the best amateur cyclists in the world and raises money for a world without MS.

Team building, personal challenges, overcoming the impossible – *Cykelnerven* offers this all on Day 1. Just imagine what your company team could achieve on Days 2, 3, and 4. And did we mention fun?

When the 2021 Tour kicks off you can sit back and tell your friends, “been there, done that”. Our international ride features cyclists from all over the world. You get a dedicated support team, English speaking coaches, personalised briefs. Not to mention you get to be part of a 300-strong *Cykelnerven* team.

You’ll all get your own *Cykelnerven* team jerseys, shorts and windbreaker – personalised with your company or sponsors’ brands. With photo stops, promo videos and some incredible backdrops for selfies there’s plenty of opportunity to get those perfect pictures. And we’ll share the hell out of them too!

And if your team isn’t inspired by the world’s greatest mountain views and legendary *Tour de France* climbs we’ll give your money back*.

*We won’t give your money back. But you wouldn’t want it anyway. It’s for MS research. What’s wrong with you?

“It’s like riding the *Tour de France*. The Town Mayor set up the Tour Celebrations just for our *Cykelnerven* Team!”
